ICRF Grant Application Abstract

Instructions

For ICRF's 2024-2025 funding year, we have extended the application submission deadline to: **Monday, 5 February 2024, at 8am EST**. In order to keep our review process on schedule, ICRF now requires an Application Abstract emailed to us one (1) month in advance of the deadline.

1. Please use the ICRF Abstract Template.

The template can be found in ProposalCentral on the *Download Templates and Instructions* section of the online grant application form for any grant category. It can also be accessed from the ICRF Website on the *Apply for a Research Grant* page.

2. Complete the template and send it to ICRF as an email attachment.

The information requested on the template is the same as the information required on the *Summary, Impact & Classifications* section of the online application form. Please make sure the information that you provide is exactly the same in both places.

The completed template should be emailed to: ellen.rubin@icrfonline.org and must be received by no later than Monday, 1 January 2024, at 8am EST.

If your abstract is not received by the above date, then your full application will be excluded from review for ICRF funding. If you have any questions or problems, then please contact Ellen Rubin by email as soon as possible. (Deadline extensions for submitting the abstract may be considered on a case-by-case basis.)
